Text: **I have reviewed the application.**

I have considered the following factors in my decision.

I note that a mandatory tuition payment has been paid to hold their place in the program. No additional payments on file.

Applicant provides banking balanes from Tejarat accounts with large sums, ihn addition to salary

slips from their employer of 1.5 billion rial, owever, no banking transaction history is provided to validate taht deposits have been made in their account. No evidence on file of the funds either being deposited to the applicant`s bank account(s) or paid directly to the DLI's tuition. Evidence on file does not adequately establish applicant's access to adequate funds to support the proposed course of study in Canada and associated expenses.

The applicant has previous studies at a similar academic level as the proposed studies in Canada. I note that, the applicant's proposed studies of a MA in Innovation Engineering is not reasonable, as the applicant indicates previous education of a MA in Information Technology. In light of the applicant's previous studies and current career, the intended program is a redundant course of action and does not appear to be a logical progression in their career path.

The applicant demonstrates (through their submitted documentation) that they possess an acceptable combination of education, training and/or experience in their respective field. This negates the necessity for the international education towards their career advancement in Iran and leads to concerns that their motivation of pursuing education in Canada is to seek entry for reasons other than temporary. I am not satisfied with the applicant's purpose/intention to pursue studies in CDA.

Weighing the factors in this application. I am not satisfied that the applicant will depart Canada at the end of the period authorized for their stay.

For the reasons above, I have refused this application.
